Quaid-e-Azam Muhammad Ali Jinnah's Message

My young friends, I look forward to you as real makers of Pakistan, do not be exploited or do not be misled. Create amongst yourselves complete unity and solidarity. Set an example of what youth can do. Your main occupation should be in fairness to yourself, in fairness to your parents, in fairness to the state, to devote your attention to your studies.

Mohtarma Fatima Jinnah's Message

"No nation can reach its pinnacle of glory unless its women folk are ready and willing to play their part in its development. It is the women who are principally responsible for the upbringing and the shaping of the character of the youth of the nation and the progress and stability of the state ultimately depends on the character of the people.

(Speech at Islamia College Lahore, 1957)

Message from the Principal

Dear Students

It is my unwavering belief that sound education lies at the heart of nurturing a dynamic and responsible personality. More over education for women, who make about more than half of the total population of Pakistan, is of ultimate significance. We at this institution strive hard to create a conducive environment wherein to equip our students with the necessary academic and personal skills to achieve their academic goals in life.

It is beyond an iota of doubt that in the multifarious challenges that life makes us confront, a robust and refined personality groomed through quality education alone, could counter the challenges with utmost courage and resilience.

I take pride in the fact that through the collaborative efforts of the faculty and staff, we have been able to achieve much success in the past and would certainly go on to do so in the years ahead. I sincerely wish that studying at this institution will be an academically enriching experience for all. I welcome you all.
